U.S.S.N. 10/613,692
Page No. 9

REMARKS

The present application is a continuation application of parent application U.S.S.N. 09/935,921. Claims 1-12 were pending in the parent application and claims 1-3 and 8-12 were allowed. During prosecution of the parent application, claims 4-7 were cancelled, leaving allowed claims 1-3 and 8-12 pending. Accordingly, claims 4-7 above were originally pending in the parent application. Claims 4-7 and 13-48 are pending in the present continuation application.

In the Advisory Action, Claims 4-7, 16, 24, and 34 remain rejected. The remaining claims in this application, namely 13-15, 17-23, 25-33 and 35-47 are allowed. Accordingly, Applicant is filing this supplemental response to cancel the rejected claims so that this application may be passed to allowance. Such action is respectfully requested.

Applicant reserves the right to file another continuing application directed to the subject matter of the claims cancelled herein, namely Claims 4-7, 16, 24, and 34, and any other subject matter that is entitled to be claimed.

Entry of this supplemental amendment is believed proper at this time because the amendments do not raise any new issues that would require further consideration and/or search, since they merely conform in scope to the claims already adequately and properly searched by the Examiner and they do not introduce any new matter.
